

Brighter Days

BANNERS INC.

Know a child who needs a brighter day?

We create personalized, hand-painted banners — **100% free** — for children facing long-term hospital stays. Each one celebrates their milestones and reminds them they are loved, supported, and never alone.

real banners, made with love by our volunteers

HOW TO GET ONE

- 1 Scan the QR code or visit our website below.
- 2 Fill out the free banner request form — it takes about 5 minutes.
- 3 We hand-deliver to Indianapolis-area hospitals or ship anywhere.

Every banner is personalized around the child's favorite colors, characters, and hobbies, and comes with a small gift. Requests are fulfilled according to our program guidelines and volunteer capacity.

WHAT HAPPENS AFTER YOU SIGN UP

We review your request and match your child with a volunteer Banner Maker, who hand-paints a banner around their favorite colors, characters, and hobbies. We quality-check every banner, package it safely, and coordinate delivery — hand-delivered to Indianapolis-area hospitals or shipped to yours. We'll keep you updated every step of the way.
